Oaks Construction Company Announces 75th Dental fit up in North Carolina

(CARY, NC, September 26, 2008) - Oaks Construction Company announces its' 75th Dental fit up in North Carolina with the completion of Drs. Robert D. Elliott and Julie R. Molina's dental fit up of *Cary Pediatric Dentistry*. Oaks recently worked with Dr. Thomas Griffin, Drs. Cynthia Tyson and Jane Holt, and Drs. Robert D. Elliott and Julie R. Molina in the newly constructed medical office building at 540 New Waverly Drive in Cary, North Carolina.

"It has been a pleasure to work with Oaks Construction at every level of this project. From conception to build out, I appreciated their attention to detail and their flexibility when needed . Communication was outstanding and I was always impressed with the professionalism of every Oaks representative. Several people told me: "*All you need to do is shake Max Oaks' hand and trust him...*" I do and I'm glad I did!", shares Dr. Elliott.

"Oaks has had the privilege of working with many of North Carolina's premier dentists helping them with design, space planning, budgets, etc.", states Tanner Holland, Director of Construction at Oaks. "We enjoy working with each dentist and sharing the benefit of our dental fit up experience helping them build the practice of their expectations and more."

"Oaks prides itself on taking personal interest in a client's needs so the outcome will be successful; in providing the southeast region with innovative and superior quality services and construction; and meeting and exceeding the expectations of today's discriminating client; in maintaining high standards of ethics and safety," adds Mark Coats, Director of Pre-construction with Oaks Construction Company.

About Cary Pediatric Dentistry

Cary Pediatric Dentistry's mission is to provide specialized and comprehensive care for infants, children, and adolescents in a friendly, safe, and state of the art environment with a focus on prevention and education for the families. Dr. Elliott and Dr. Molina are
